

# Exchange session on the proposed Indicators

Part 1: Tuesday, 2 February 2021  
Part 2: Thursday, 4 February 2021

**Time for both sessions: 14:00 – 16:00 CET**

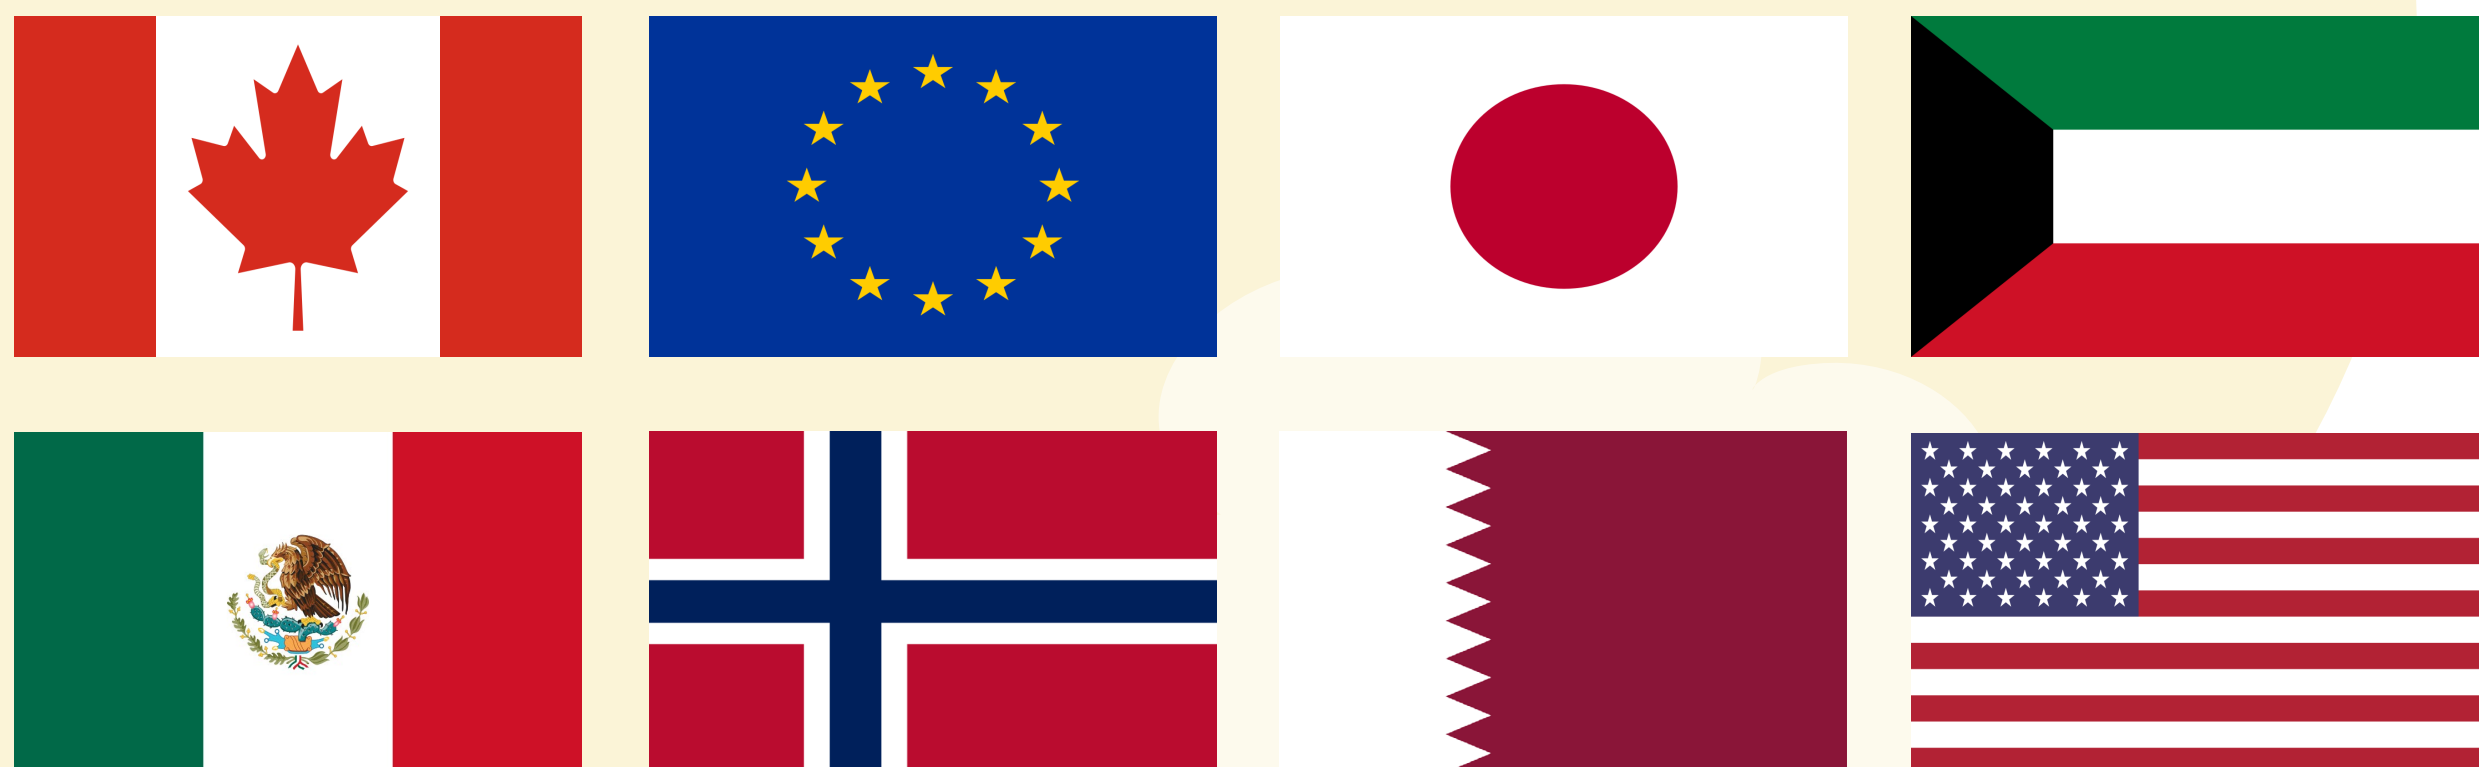

MINAMATA  
CONVENTION  
ON MERCURY

*\*Note the session will not be recorded*

*Please register for both WebEx sessions using the link above*

The exchange session on the initial views on the proposed Indicators is split into two parts, with the first part on Tuesday, 2 February to present the submissions and initial views, and the second part on Thursday, 4 February to reflect on the submissions and views expressed.

Initial views submitted by the following Parties thus far

COP-3 adopted Decision [MC-3/10](#) on arrangements for the first **effectiveness evaluation** of the Minamata Convention, and in the decision requests the Secretariat to compile the views of Parties on the proposed indicators in advance of COP-4. As laid out in the [plan of work](#), following the online **information session** of **17 September 2020**, submissions of initial views were requested by 30 November 2020. The submissions received were collated and made available on the following [online workspace](#).

Following the submission of the initial views, the plan of work foresees this **facilitated exchange session** to enable clarification on the views and responses submitted, additional questions that may have arisen, and other relevant information sharing and exchange on the proposed indicators for evaluating the effectiveness of the Minamata Convention.

This opportunity to exchange is also to assist Parties in their formal preparation of their views, as requested by Decision MC-3/19, in advance of COP-4. **Wednesday, 31 March 2021** is the deadline for the submission to the Secretariat of views of Parties in advance of COP-4.
